

White Pendant Single Ceiling Light 10cm

Product Images

Short Description

The Quad Collection offers a wide range of lamps - hanging, wall, ceiling - in different colors. This is a great advantage, especially for those who want to organize their apartment in a uniform way. This does not mean, however, that all lamps must be of the same color. By drifting between different color variants from the same

collection you can get an extremely interesting arrangement of lighting. Modern Quad lamps are simply the essence of good style.

Description

This light fitting was designed and produced in Europe with a focus on longevity rather than fleeting fads. We encourage our customers to do the same and invest in timeless, and versatile solutions that will seamlessly blend into any space, whether it's the kitchen or the bedroom, both now and in the future.

Having products manufactured in Europe ensures a high level of quality and attention to detail. European manufacturing standards are known for being some of the strictest in the world, which means that the lighting you buy from us is made with precision and care.
