Short Description

This hanging lamp is a tip of the hat to the ever-changing fashion inspired by the Scandinavian style. The minimalist, round steel dome has been complemented by wood inserts in its natural colour. This allows you to create a cosy arrangement and a unique atmosphere. The construction of this lamp is very simple, which gives the possibility to match it to many interiors - both those in which the power of colours dominates, as well as those full of whites and beiges.

Description

This light fitting was designed and produced in Europe with a focus on longevity rather than fleeting fads. We encourage our customers to do the same and invest in timeless, and versatile solutions that will seamlessly blend into any space, whether it's the kitchen or the bedroom, both now and in the future.

Having products manufactured in Europe ensures a high level of quality and attention to detail. European manufacturing standards are known for being some of the strictest in the world, which means that the lighting you buy from us is made with precision and care.
