

Black Pendant Bar Ceiling Light 100cm

Product Images

Short Description

The modern, extremely unique yet simple design of the SALAMANCA series will be a beautiful addition to the stylish interior. The frame, around which the wire ended with designer bulbs is braided is a solution for the brave people whose interior stands out from the others. It is the way to differentiate yourself from the rest! SALAMANCA lamps will work perfectly over the dining room table, where it will illuminate the time spent at the family table.

Description

This light fitting was designed and produced in Europe with a focus on longevity rather than fleeting fads. We encourage our customers to do the same and invest in timeless, and versatile solutions that will seamlessly blend into any space, whether it's the kitchen or the bedroom, both now and in the future.

Having products manufactured in Europe ensures a high level of quality and attention to detail. European manufacturing standards are known for being some of the strictest in the world, which means that the lighting you buy from us is made with precision and care.
