

LED Pendant Light 13cm

Product Images

Short Description

Beautiful modern pendant light fitting, well suited to higher ceilings, although most pendant fittings can be adjusted so that the height suits your ceiling.

Modern is not always what people expect, it uses clean crisp lines in a simple colour palette, the word here is "sleek", it will often use metal, silver or steel to great effect where the beauty is in the simplicity and less fuss. Whilst modern is not minimal if you find this range too stark for your tastes we would recommend

“Modern Transitional” which brings more classic shapes up to date with a modern edge in it’s design.
