Short Description

Eglo is one of the leading manufacturers of lighting in the world. Over the last years the EGLO group has evolved into one of the leading manufacturers of decorative interior lighting. Meanwhile, the company has become a major player on the world market: In current years, more than 18 million lights were marketed in over 132 countries on all continents.

With about 90 per cent of the product range having been developed by them, EGLO ensures the greatest possible independence when introducing new product solutions and we are extremely competitive due to the high quality levels of manufacturing plants in Hungary, China and India.
