Short Description

Beautiful modern transitional pendant light fitting, well suited to higher ceilings, although most pendant fittings can be adjusted so that the height suits your ceiling.

Transitional draws both on traditional classic shapes and mixes it with a more modern design. Probably the most popular styling today, transitional is warmer and not as plain or simple as true modern, which tends to be almost minimal or stark in contrast.

It creates a feeling of both stylish and sleek with more detail than modern that is well suited to many styles of rooms and compliments many furniture styles both modern and classic.
