

Pendant Light 20.5cm

Product Images

Short Description

A wonderful vintage influenced designed pendant light fitting, well suited to higher ceilings, although most pendant fittings can be adjusted so that the height suits your ceiling.

Vintage is based on early 1900's styles, often with fine detailing and using rich warm colours including brass, copper, and gold's that compliment the older UK homes. These light fittings work well with older period homes that are being renovated, where people want to retain some of the older features that made them buy the home in the first place.
