

Black Pendant Single Ceiling Light 14cm

Product Images

Short Description

TALEJA is a series of classic hanging lamps with either 1 or 3 lampshades. Designed to be slightly apart, they provide lots of light that is evenly spread in the room. The universal design makes it a successful choice for any interior. With its simple shape, it leaves room for other design elements, but the version with 3 lampshades at different heights can catch the eye of others. It is available in two classic colours ? impenetrable black and pristine white.

Description

This light fitting was designed and produced in Europe with a focus on longevity rather than fleeting fads. We encourage our customers to do the same and invest in timeless, and versatile solutions that will seamlessly blend into any space, whether it's the kitchen or the bedroom, both now and in the future.

Having products manufactured in Europe ensures a high level of quality and attention to detail. European manufacturing standards are known for being some of the strictest in the world, which means that the lighting you buy from us is made with precision and care.
